

# 2022 Impact Snapshot

Throughout 2022 commonly heard buzz words like “pivot” were replaced with “plan,” “closures” became “openings,” “immediate needs” is now “future hopes.” For us “service gaps” was replaced with “growth.” As the world worked to get back to a recognizable pace, we assessed not only our own agency, but the everchanging needs of our community. We listened, pooled resources and in 2022 implemented plans to improve the quality of service we provide, deepen the impact of our mission, and expand our mentoring relationships beyond the age of 18. We picked up where we left off in 2020, however, we became stronger as we worked together to be more intentional as we listened to the needs of our communities and put into action a plan that contributes to strengthening the potential of our youth. I am proud of our team, our partners and our community to see these themes woven throughout so many agencies that strive to enhance the lives of our youth, friends and neighbors.

Erin Mabery, YBBBS Executive Director

Ron & Gage

## Here's a Glance at Our Work in 2022

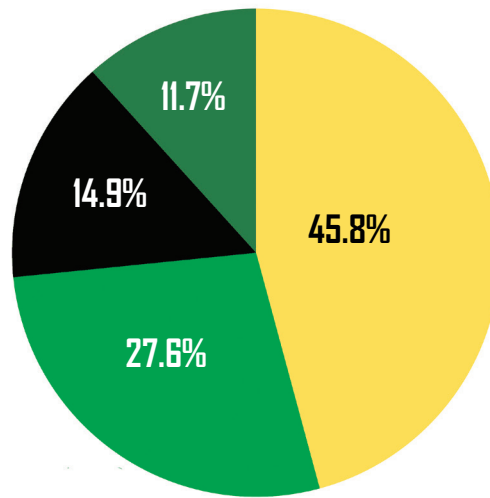

### Who We Served

- Matches in Prescott: 60
- Matches in Prescott Valley: 56
